

WARD 1 VOLUNTEER HUB

Jackie Reyes-Yanes for Ward 1

GOTV Volunteer Management System

June 8–16, 2026

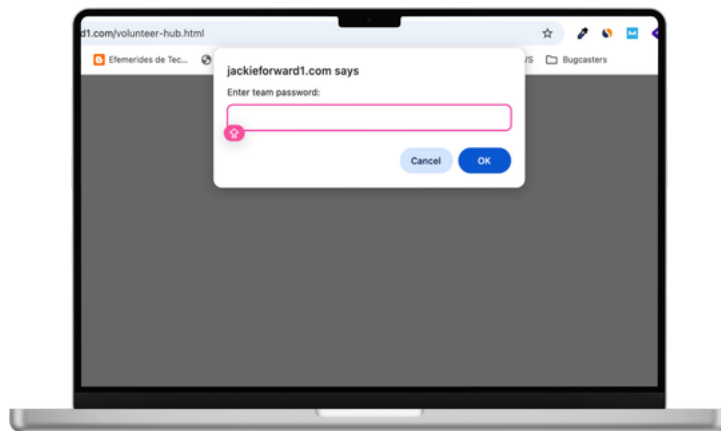

jackieforward1.com | June 2026

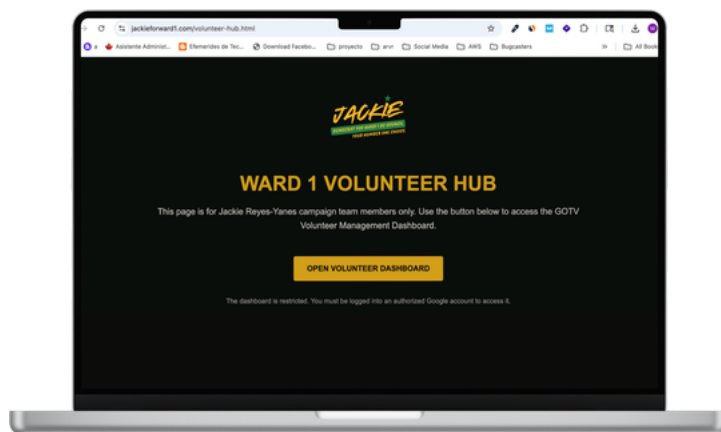

1. ACCESSING THE VOLUNTEER HUB

To access the Volunteer Management System:

1. Open your web browser.
2. Navigate to: <https://jackieforward1.com/volunteer-hub.html>

3. Enter the team password provided by the campaign.
4. Click OK.

5. Click OPEN VOLUNTEER DASHBOARD.
6. Log in with your authorized Google account if prompted.

****Only authorized campaign team members should have access to the system.***

2. VOLUNTEERS TAB

The VOLUNTEERS tab is used to register all volunteers participating in the campaign.

VOLUNTEERS									
Volunteer ID	First Name	Last Name	Cell Phone	Email	Language	Transportation	Emergency Contact	Emergency Phone	Active
VOL-0001									
VOL-0002									
VOL-0003									
VOL-0004									
VOL-0005									
VOL-0006									
VOL-0007									
VOL-0008									
VOL-0009									
VOL-0010									
VOL-0011									
VOL-0012									
VOL-0013									
VOL-0014									
VOL-0015									
VOL-0016									
VOL-0017									

Note: Fields with a ▼ arrow are selection fields (drop-down menus). Click the arrow and choose the appropriate option. Fields without a ▼ arrow allow manual text entry.

Required Fields:

- First Name
- Last Name
- Cell Phone
- Email
- Language
- Transportation
- Active Status

Recommended Fields:

- Emergency Contact
- Emergency Phone
- Notes

Important:

Do not modify the Volunteer ID column. Volunteer IDs are automatically generated by the system and are used to track volunteer assignments.

Active Status

The Active field is a **drop-down menu**. Click the field and select the status that best describes the voter:

- **Active** – The voter is active and can be contacted.
- **Inactive** – The voter is no longer active in the list.
- **Pending** – Contact has not been completed yet or requires follow-up.
- **Do Not Call** – The voter has requested not to be contacted.

To select a status, click the Active field and choose one of the available options from the drop-down list.

Drop-Down Fields

Fields that display a small arrow (▼) are drop-down fields, meaning you must select one of the available options rather than typing a value manually.

Examples of drop-down fields include:

- Active
- Any other field showing a ▼ arrow
-

For text boxes that do not have a drop-down arrow, type the information directly into the field.

3. ADDING A NEW VOLUNTEER

Step 1

Locate the first available empty row in the VOLUNTEERS tab.

Step 2

Complete the volunteer's information:

• First Name • Last Name • Cell Phone • Email • Language • Transportation • Emergency Contact (if available) • Emergency Phone (if available)

Step 3

In the Active drop-down field, select Active for new volunteers. Use Inactive, Pending, or Do Not Call only when applicable.

Step 4

Review the information for accuracy before moving to the ASSIGNMENTS tab.

4. ASSIGNMENTS TAB

The ASSIGNMENTS tab is used to assign volunteers to specific shifts.

ASSIGNMENTS									
Assignment ID	Volunteer Name	Date	Site	Shift	Volunteer ID	Phone	Email	Shift ID	Notes
ASG-0001									
ASG-0002									
ASG-0003									
ASG-0004									
ASG-0005									
ASG-0006									
ASG-0007									
ASG-0008									
ASG-0009									
ASG-0010									
ASG-0011									
ASG-0012									
ASG-0013									
ASG-0014									
ASG-0015									
ASG-0016									

The following fields are selected using dropdown menus:

- Volunteer Name
- Date
- Site
- Shift

The following fields populate automatically:

- Volunteer ID
- Phone
- Email
- Shift ID

Do not manually edit any auto-populated fields.

5. ASSIGNING A VOLUNTEER TO A SHIFT

Step 1

Select the Volunteer Name.

Step 2

Select the Date.

8. DASHBOARD KPIS

Total Volunteers: The number of active volunteers currently registered in the system.

Volunteer Shift Slots: The total number of volunteer positions required to fully staff all polling and early voting locations.

Current Goal: 276 Volunteer Shift Slots

Slots Filled: The total number of volunteer assignments currently entered into the system. Every assignment counts as one filled volunteer slot.

Slots Remaining: The number of volunteer positions that still need to be filled.

Formula:

Volunteer Shift Slots – Slots Filled

Fill Rate: The percentage of volunteer positions that have been filled.

Formula:

Slots Filled ÷ Volunteer Shift Slots

Complete Shifts: The number of shifts that have reached their staffing goal. These shifts require no additional volunteers.

Need 1: The number of shifts that are only missing one volunteer. These shifts should be prioritized during volunteer recruitment efforts.

Open Shifts: The number of shifts that still require additional volunteers.

9. SHIFT STATUS DEFINITIONS

OPEN

The shift still requires additional volunteers.

NEED 1

The shift is only missing one volunteer.

COMPLETE

The shift has reached its staffing goal and requires no additional volunteers.

10. DAILY WORKFLOW

Step 1

Confirm whether the volunteer already exists in the VOLUNTEERS tab.

Step 2

If the volunteer does not exist, add them to the VOLUNTEERS tab.

Step 3

Go to the ASSIGNMENTS tab.

Step 4

Assign the volunteer to the appropriate:

- Date
- Site
- Shift

Step 5

Verify that the assignment appears correctly.

Step 6

Review the Dashboard to confirm that staffing metrics have updated appropriately.

11. IMPORTANT RULES

DO

- Add all volunteers to the VOLUNTEERS tab before assigning shifts.
- Use dropdown menus when making assignments.
- Verify phone numbers and email addresses.
- Review the Dashboard regularly.

DO NOT

- Modify Volunteer IDs.
- Modify Shift IDs.
- Edit formulas.
- Edit protected tabs.
- Enter information directly into the Dashboard.

Questions regarding volunteer management should be directed to the campaign's GOTV coordination team.
